there is no set magic number of followers needed to make a living on tiktok the essential factor is the strength of your following sure the more followers you have the more likely that some will buy your or your sponsor s products but they will only take notice of you if you re a genuine influencer i e you have to make your followers sit up and take note of your videos accounts with 500k to 1 million followers have the highest average engagement rate overall

no need to give an introduction about tiktok i know that but there might be people who came here out of curiosity because we are talking about making money that will fetch some users to have a read so basically tiktok is a mobile app platform developed by a chinese firm called bytedance tiktok was previously musical ly and then the developers decided to release tiktok which is a better version of musical ly you can post tiny videos of maximum 15 seconds in this app you can join these tiny videos together to post a video of maximum 60 seconds and now you can also get tiktok coins on your account i think the team is going to add more features soon

you might consider adding short slice of life type videos between your main videos this helps your audience know and understand you better alternatively you might make vlogs alongside your more niche specific ones
