if you have a large list of friends in the game you can win a lot of free spins if they are generous enough to give you some to do that all you have to do is request spins from your friends or if you received them just tap to claim them make sure you haven't requested the same person earlier in the day as the gifts as they can only be sent once per day one of the most rewarding ways to get free spins in pet master is to complete your card sets for a full deck of cards you can get hundreds of spins and completing decks is not that difficult that is if you keep buying chests from the beginning to keep track of your missing cards this is because chests are cheaper when you are in low villages and secondly because cards are easier to get when they just open for some sets you need royal cards to complete them for these cards you need to follow a solid strategy you only build villages during the village rush event when a royal card can be won if you complete your card sets you get more free spins owning 2 or more of the same card allows you to send them as a gift to friends click on the card in order to gift it to your friends and family game player members you can ask friends for missing cards click on the ask button you can send up to 5 cards in one day this is an obvious proposal but it should be considered you will receive five free spins every hour up to a total of 50 spins at any given time this means you'll hit the maximum number of spins every ten
