don t forget to interact with your viewers make sure that you reply to comments that people leave on your videos it may seem like hard work to you but it makes your followers believe you care and take notice of them

tiktok is very strict with moderating their platform and have been known to completely shut down and delete accounts that they suspect of hacking or cheating even if these tiktok coin generators systems worked they wouldn t be worth the risk

the process of receiving free money on tiktok is a little more convoluted but it is not impossible the key is to have more than 1 000 followers so that the site will allow you to broadcast live and give your admirers the opportunity to send you gifts which you can then exchange for diamonds and real money

suppose there is a user who actively spend time on your videos and you want to show some love towards them you can simply send a diamond to them and express that you value them very much this is how the coins are working on tiktok
